

# WEIRD HUMAN BODY

## EXPERIMENT

### HANDY MOVEMENT

#### You Will Need:

- Hand (the bigger, the better - ask an adult to help) or print the attached template
- Paper large enough for the hand
- Marker / Pen / Texta / Pencil
- Scissors
- String
- Straws
- Sticky Tape

Can you count on your fingers from 1 to 5? Now try doing the same thing using the strings on your hand model.

Can you find something else that works like your model?
