

# PROJECT UPDATE

MARCH 2021  
CONSTRUCTION  
UPDATE AT  
50 ASHMORE STREET  
EVERTON PARK

Ashford  
RESIDENCES

## TERRACE HOMES

With the success of the recent release of terrace homes, construction works have commenced on site. Mirvac has partnered with Brighton Homes to construct the 80 terrace homes who will be completing the terrace homes in staged completions until late 2022.

## LAND

The construction of the land blocks is now completed at Ashford Residence. As the land starts to settle, purchasers will be engaging separately with home builders to construct their homes.

## COMMUNITY INFORMATION PACK

To keep the surrounding local community updated during this time, Mirvac has prepared an information pack containing key items from the Brisbane City Council approved Construction Management Plan (CMP) that details processes and strategies to minimise disruption to the local community during construction works. This information pack contains extracted information from the CMP including; traffic management, dust and noise minimisation, operating hours as well as various other items.

Download your copy of the information pack by visiting our community webpage.

## STAYING UP TO DATE AND HOW TO CONTACT US

The Ashford Residences Community webpage contains current construction information and we encourage you to visit the page regularly to stay updated on the project.

Throughout the construction process, Mirvac and all contractors are highly committed to working alongside the local community to minimise disruption where possible.

**If you have any questions or concerns regarding construction activities, please contact our community information team directly via telephone on: 1300 659 694 or via email: [community.information@mirvac.com](mailto:community.information@mirvac.com).**
